

Policy for nominations

Case Nomination Committee 25/26

March 2026

1 Introduction

In order to have a fair nomination process, the Nomination Committee has decided to have an open nomination policy. This is because all members, applicants or not, should have an insight into how the Nomination Committee makes its nominations.

2 Policy

The following applies to the anonymity of the applicants:

1. Personal data about the applicants, for example email address, social security number (Swe: personnummer), telephone number, etc., is anonymous and will be deleted by the Nomination Committee in accordance with GDPR after the nomination process is over.
2. The Nomination Committee will name the nominated candidates via the announcement of the annual meeting.
3. Applicants will see the names of the other applicants during the interview.
4. The Nomination Committee may issue a statement about the candidates who are nominated and counter-nominated during the course of the annual meeting via, and only via, a scale shown in table 1.
